

**It takes more faith  
to believe that this  
elaborate universe  
happened by chance  
than it does to  
believe in a Creator  
with a purpose.**

**Life is not random;  
God has a purpose  
in all He created—  
including me.**

**If God has  
the power to cre-  
ate all things, He  
has the power to  
help me with my  
problems.**
