

K**NIGHT CAMP** at Rock Kingdom is a musical that takes place at a summer training camp for young knights. On their first day at Knight Camp, new campers—Kedric, Giliana, Monica, and Chris—are given a guided tour of Rock Kingdom by Page Turner and Herald, where they see knight drills and activities in store for them. Kedric is ready for anything related to being a real knight. Given to more modern girlish interests, Monica is not sure why she's even in a boring, old setting where campers learn about God's armor. However, she and the others quickly begin to grasp timeless truths about being a child of the King and serving the Rock of Ages.
