Group One

Look at the information below and decide how the children's division could be reorganized for growth.

	Enrolled	Prospects
1–2 grades	32	5
3–4 grades	18	4
5–6 grades	20	1

Group Two

The Children's Sunday School Division currently has three departments: one for first and second graders, one for third and fourth graders and one for fifth graders. Beginning in the fall, they will incorporate the sixth grade into the Children's Division. How could this church reorganize Children's Sunday School for growth?

Group Three

This church currently has one Sunday School department for first through fifth graders. They have 30 children enrolled and 8 prospects. They are a rural church but have lots of new subdivisions being built in the area. Many young families are moving to the area and commuting to the larger city nearby. The children are evenly distributed among the six grade levels. How could this church reorganize the Children's Sunday School for growth?
